Corrofix™ Aqueous Aluminium Cleaner

PART NUMBER	SIZE
CT-ALC-750ML	750ml Trigger Spray
CT-ALC-1L	1L Bottle
CT-ALC-5L	5L Bottle
CT-ALC-20L	20L Drum

PRODUCT DESCRIPTION

Chemtools® Corrofix™ Aqueous Aluminium Cleaner is an acidic cleaning solution which chemically destroys corrosion and stains on aluminium and other soft metals. It acts quickly to remove light oxidation and rust, resulting in a chemically clean, corrosion-free surface.

Aqueous Aluminium Cleaner rinses away easily without streaking, and is typically used on aluminium doors, boats, and other structures and parts that can be wiped or immersed.

APPLICATION

Wipe over the surface in a circular motion using a lint free cloth which has been soaked Aqueous Aluminium Cleaner. Continue wiping until the surface is clean and free of rust.

Do not spray onto surfaces.

SAFETY PRECAUTIONS

IMPORTANT: Before using this product, obtain a supply of calcium gluconate gel and leave in an unlocked medicine cabinet near where this product will be used.

Read label before use. Refer to Safety Data Sheet before use. Use proper Personal Protection Equipment. Do not get in eyes, on skin, or on clothing. Keep away from heat, sparks, open flames, and hot surfaces. No smoking. Keep container tightly closed.

DISCLAIMER

Chemtools® has made every effort to ensure the information provided in this Technical Data Sheet is accurate at the time of publication. Chemtools® expressly recommends that the user make his/her own assessment to determine the suitability of the product for its intended purpose prior to application.
