## A NEW FORCE IN CHEMICAL MANUFACTURING

AEROSOLS | WELDING CHEMICALS | ADHESIVES & THREADLOCKERS | ANTI-SEIZE & GREASES | CLEANING CHEMICALS & SOLVENTS | ELECTRICAL & ELECTRONICS

Issued: August 2020

### AutoChem™ Heavy Duty Brake & Parts Cleaner

PART NUMBER	AVAILABLE SIZE
CT-BC-500	315g (500ml) Aerosol
CT-BC-5L	5 Litres
CT-BC-20L	20 Litres
CT-BC-200L	200 Litres

#### PRODUCT DESCRIPTION

Chemtools® AutoChem™ Heavy Duty Brake & Parts Cleaner is a powerful, non-chlorinated solvent that provides maximum cleaning without the need for disassembly. Ideal for all metal surfaces, it rapidly penetrates and flushes away grease, oil, transmission fluid, hardened deposits, and grime, evaporating quickly and leaving no contaminant attracting residue behind. Used regularly, significant improvements will be noticed in the efficiency of industrial equipment, moving components, and mechanical assemblies, including the elimination of brake squeal and other operating noises.

As a superior, multi-industry cleaner, Brake & Parts Cleaner offers effortless degreasing during maintenance and repair work. It is VOC compliant and safe for use on all metals, most plastics, electrical connections, electronics, and all brake system parts, including brake linings, disc pads, drums, calipers, rotors, and clutch plates.

#### DIRECTIONS (READ LABEL BEFORE USE)

Note: It is recommended to test before use on sensitive plastics and rubbers such as ABS, acrylics, and polycarbonates.

##### Bulk Liquid

May be used by immersion, brushing, or wiping.

##### Aerosol

Hold the can upright and spray from a distance of 250 - 300mm from the surface.

With a high delivery valve, the aerosol produces a high velocity, high pressure jet spray which simultaneously flushes away grime and soils, evaporating quickly without the need for washing or hosing off.

Hardened grime may require a second application.

For stubborn soils, some wiping may also be required.

## A NEW FORCE IN CHEMICAL MANUFACTURING

AEROSOLS | WELDING CHEMICALS | ADHESIVES & THREADLOCKERS | ANTI-SEIZE & GREASES | CLEANING CHEMICALS & SOLVENTS | ELECTRICAL & ELECTRONICS

### TECHNICAL DATA

Appearance	Colourless liquid
Odour	Mild solvent
Specific Gravity @ 20°C	0.67
Flash Point	< 0°C
Boiling Point	61°C
Volatiles	100%
Aerosol Propellant	Carbon Dioxide

### FIRST AID & SAFETY PRECAUTIONS

Please refer to Safety Data Sheet (SDS) before use. Use proper Personal Protection Equipment. Do not get in eyes, on skin, or on clothing. Use with adequate ventilation. Avoid breathing fumes. Keep away from heat, sparks, open flames, and hot surfaces. This product may produce adverse health conditions, ranging from minor skin irritation to serious systemic effects. It should not be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheet (SDS) for this product have been fully understood by all persons who will work with the material.

### STORAGE

Keep out of reach of children. Keep container tightly closed. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Containers must be secured and stored upright during transit.

### DISCLAIMER

Chemtools® has made every effort to ensure the information provided in this Technical Data Sheet is accurate at the time of publication. Chemtools® expressly recommends that the user make his/her own assessment to determine the suitability of the product for its intended purpose prior to application. Chemtools shall not be responsible for loss, damage, or injury, resulting from the reliance upon, or failure to adhere to, any recommendations or information contained herein; nor from abnormal use of the material; nor from any hazard inherent in the nature of the material.
